STAT   15. [   ] LIAISON Received a call from Hal Ford, Senate Select Committee on Intelligence staff, who said he would be at Headquarters on 2 May and asked to see Jim Lilley, NIO/NFAC, that morning. I set this up for 10:30 a.m. in Lilley's office.

STAT   16. [   ] LIAISON Showed Bill Hogan, Counsel, House Armed Services Committee, a letter and compartmented version of the Annual Report on the Intelligence Community. I left with him an unclassified version of the covering letter. We will hold the report for his use. Hogan indicated the Committee may report out H.R. 12240 on 5 May.

STAT   17. [   ] HEARING Delivered a letter from the Director on the Automatic Data Processing hearings to the House Permanent Select Committee on Intelligence. This is in response to Chairman Edward P. Boland's (D., Mass.) invitation to appear.

STAT   18. [   ] LIAISON Picked up a letter for CIA
STAT at the House International Relations Committee, per [   ] OLC.

STAT   19. [   ] LIAISON Delivered a letter and an Annual Report on the Intelligence Community to Jim Fellenbaum, Senate Appropriations Committee staff. Brought back the FY 1978 CIA budget. I also discussed with him a security survey of his office.

STAT   20. [   ] LIAISON Took a call from Michael Pillsbury, Senate Budget Committee staff, who inquired about his clearances. I told him they were still in process. He said that if his clearances were not granted by Tuesday, 2 May, he still would want to discuss the intelligence budget with someone at whatever level he was cleared for.

STAT   21. [   ] LIAISON Per his previous request, sent via courier to Rick Galen, in the office of Representative John N. Erlenborn (R., Ill.), a copy of "Appearances of Leading Personalities of the People's Republic of China, " for 1 January - 31 December 1975.

STAT 10. [_____] LIAISON Spoke with Ron Docksai, on
the staff of Representative Robert K. Dornan (R., Calif.). Docksai said
he would be leaving within a week to join the staff of Senator Orrin G. Hatch
(R., Utah) and requested the Latin American and USSR [_____] STAT
be sent to the Senator's office. Arrangements were made with [____] Liaison STAT
to have this done.

STAT 11. [_____] LIAISON Called George Kroloff, Senate
Foreign Relations Committee staff, and told him that our [____] people STAT
would be sending to him, in response to his request, media reaction
to an international broadcasting conference being held in Cuba this week.
I added that they had picked up media information on a meeting of
international broadcasters in Algiers and would be sending that to him also.

STAT 12. [_____] LIAISON Arranged for Chuck Snodgrass,
House Appropriations Committee staff, to meet with Gary Steele, Domestic
Security, to formalize Snodgrass' authority to receive codeword material
for overnight storage.

STAT 13. [_____] LIAISON Dan Childs, Senate Select
Committee on Intelligence staff, asked for a copy of NIE-4-1-78. I have
STAT discussed this with [_____] NFAC/CSS, and will invite Childs out
to read the estimate.

STAT 14. [_____] LIAISON Discussed Senate Select
Committee on Intelligence procedure for responding to reprogrammings with
Dan Childs, of the Committee staff. He is not yet sure of whether he wants
to send a letter on every item. He will probably discuss the subject with
Jim Fellenbaum, Senate Appropriations Committee staff, and then come to
a decision. At issue is whether the Senate Select Committee on Intelligence
should respond in writing on those reprogrammings in which they believe
the matter is an appropriation concern rather than an authorization and
appropriation concern.

STAT 15. [_____] LIAISON Chuck Snodgrass, House
Appropriations Committee staff, says he does not expect to mark up until
15 May and probably won't release his figures until the end of May. He does
not plan to move on the sensitive reprogramming until he hears how the
Senate Select Committee on Intelligence has come out on it although he
personally sees no problem.
